## Healing Crisis Information and or 48 Hour Cancellation Policy

Welcome to Inner Health Center Inc.. We are looking forward to providing you with the best professional service. To keep you well informed please read the following and sign the bottom of this page.

It is important that you understand during colon hydrotherapy or any cleansing detoxification service there may be an experience known as a "healing crisis". Toxic residues, which have been retained in the body must be released and removed by the tissue system of the body. This might be associated with a temporary uncomfortable feeling. You may feel tired or fatigued temporarily and a short nap can help. This feeling will pass quickly. This is referred to as the "healing crisis" and usually means that the healing process is underway. Internal Cleansing rejuvenates the body. It releases toxic residues, cleanses the blood, and empowers the immune system. This process will make you feel alive, lighter, flatter, emptier, more energetic, with renewed life force. A healthy body is a clean body from the INSIDE OUT. Please remember that we reserve up to an entire hour for your session.

**Our policy is that a 48-HOUR CANCELLATION NOTICE is required to avoid full charge for a missed appointment.**

**\*\* Missed appointments are the same cost as the session.\*\***

**THERE ARE NO REFUNDS. These policies are strictly enforced,**

**no exceptions. All pre-paid sessions must be used within 1 year of the initial purchase, or will be forfeited there after.**

I understand that I have chosen to have a session(s) done by Inner Health Center Inc, I thereby understand that no specific therapeutic claim is implied or made by Inner Health Center Inc or it's technicians or staff. **I also acknowledge and accept the 48 hour cancellation policy, no refund policy, and 1 year for all sessions to be completed.**

**Notice Designed to Comply with the State of California Guidelines in  
The Business and Professions Code of the State of California  
-Section 2053.6**

\*\*\* All clients must read, understand and sign this disclosure\*\*\*

Colon Hydrotherapy services provided at this center comply with Section 2053.6 to the Business and Professions Code of the State of California. In compliance with this Code, you must be advised:

- A) There are NO licensed physicians at this center and the individual performing colon hydrotherapy is ONLY a colon hydrotherapist...they are NOT a physician. This means and implies that they cannot and will not:
- (1) Conduct surgery or any other procedure on another person that punctures the skin or harmfully invades the body.
  - (2) Administer or prescribe X-ray radiation to another person.
  - (3) Prescribe or administer legend drugs or controlled substances to another person.
  - (4) Recommend the discontinuance of legend drugs or controlled substances prescribed by an appropriately licensed practitioner.
  - (5) Willfully diagnose and treat a physical or mental condition of any person under circumstances or conditions that cause or create a risk of great bodily harm, serious physical or mental illness, or death.
  - (6) Set fractures.
  - (7) Treat lacerations or abrasions through electrotherapy.
  - (8) Hold out, states, indicates, advertises, or implies to a client or prospective client that he or she is a physician, a surgeon, or a physician and surgeon.
- B) Colon Hydrotherapy is alternative or complementary to healing arts services licensed by the state.
- C) The services of Colon Hydrotherapy and the Therapist that provide the services are not licensed by the state.
- D) The session of colon hydrotherapy includes the following procedures:
- (1) The therapist will assist in the insert and retraction of the speculum.
  - (2) Warm (temperature and pressure controlled) water will flow into the colon softening the fecal material which will be released through normal peristalsis into the sewer.
  - (3) Your dignity and modesty will be maintained at all times.
  - (4) The session will last approximately 30-45 minutes.
- E) The theory of treatment upon which colon hydrotherapy is more historical and intuitive than scientific as there have not been any studies to validate the effectiveness of this modality. However, many cultures and societies believe that a clean colon can improve the health of the individual. This started thousands of years ago with the simple enema and has evolved into the present day colonic. Many people simply report they feel better after a colonic. On the other hand, there are a growing number of health care practitioners that believe in the concept of auto-intoxication. That a sluggish bowel (one that is not regular) allows the body to reabsorb toxins from the colon and become its own toxic waste site. This theory may or may not have validity depending on who you listen to, but we know there is an increased level of toxins in our environment and common sense tells us that anything we can do to assist the body in ridding itself of toxins should have some value.
- F) Deenie Robbins or \_\_\_\_\_ have been trained by I-ACT and follow the I-ACT Guidelines. I am currently certified by I-ACT at the instructor ( ) level and have been in practice for 26 ( ) years. You may validate this information by checking with the I-ACT Office at (210) 366-2888 or go to the I-ACT website at [www.i-act.org](http://www.i-act.org) and then check the referral section. I acknowledge that I have read the above disclosure and have been given a copy of this document. This information was provided to me in a language I can read and understand.
